

Perfect Cooking

With the Least Trouble & Expense

The "CHAMBERS DUPLEX" Fireless Cooking Gas Range is the latest improved GAS RANGE, so made that it cooks by retained heat (the fireless cooking principle) or in the ordinary way. It does the work of both a gas range and a fireless cooker, but BETTER than either.

Cooks the Most Savory Way. Food retains all the nutriment and flavor; Roasts Meats and Fowl brown and crisp outside; juicy and tender inside; Bakes Bread, Biscuits, Cake and Pies to perfection; Bakes Beans thoroughly and browns them beautifully; Boils vegetables, cereals, pot roasts, etc., beyond comparison, and the Gas is SHUT OFF most of the time. Broils and Fries equal to any other stove.

Cooks the Most Economical Way; saves 70 per cent. of Gas on baking, roasting and boiling, 40 per cent of Labor, 30 per cent of Time.

We let you try it for 15 days WITHOUT CHARGE; If its work is not satisfactory to you send it back. We will pay return freight.

CASH OR EASY PAYMENT

Send for Catalog of 20 sizes and styles (\$20 to \$180), or better yet, step in and let us show them to you.
